# Maya setup

Maya setup

1) Make sure you have Maya2020 installed, if not you can download it from this link https://www.autodesk.com/education/edu-software/overview?sorting=featured&page=1

2) In the SnS_Experiment folder, open TestScene.mb.

3) Open the scrip editor in the lower right corner of the maya window (Fig 1)

Fig 1:

Maya setup

1)   In the top left of the script editor window, click File → Open Script. Select SnS_Script.py in the Experiment(Group1) folder and click open.

2)   Run the script by clicking the run button (Fig 2)

Fig 2:

You are ready!
